

## **REMARKS**

### **I. General**

All pending claims have been allowed in the present application. Applicant respectfully requests entry of the current amendment under 37 C.F.R. 1.312.

### **II. Claim Amendments**

Claim 1 has been amended to provide proper antecedent basis for later reference to the phrase “locally execute.” Applicant has changed “said executing,” to “said local execution,” in order to more clearly match the original instance of this phrase. No new matter is presented. This amendment removes a defect from an allowed claim, and does not narrow the scope of the claim.

Claim 2 has been amended to provide proper antecedent basis for the term “responsive information.” No new matter is presented. This amendment removes a defect from an allowed claim, and does not narrow the scope of the claim.

Claim 95 has been amended to provide proper antecedent basis for the term “application repository downloads.” No new matter is presented. This amendment removes a defect from an allowed claim, and does not narrow the scope of the claim.
